Overview

Are solar packages CSA certified?

We offer a wide range of affordable and high quality solar power systems in Canada. All of our Solar Packages are CSA certified and constructed to efficiently and environmentally consciously harvest solar energy for your every day needs. Our packages are easy to install and built to last using quality brand name products.

Does the solar supermarket have products in the cart?

No products in the cart. Privacy Policy Built with WooCommerce. The Solar Supermarket provides the largest selection of solar panels, inverters, batteries, charge controllers and balance of system components to Canadians at the lowest possible prices. Our primary markets include residential grid tie and off-grid cottages.

Can I use solar power in Canada?

Some jurisdictions in Canada have strict requirements, others are completely relaxed. Once you have a handle on what you can and can’t have, decide exactly what you will power by electricity, or gas, propane etc. Any item that makes heat is not candidate for solar, this normally includes cooking, clothes drying. Also whole house air conditioning.
