

# **5kw inverter manufacturer in Cordoba Argentina**

## Overview

---

What is a microinverter solar system?

Typically, microinverters are “distributed” inverters. Solar PV systems with microinverters have a small inverter installed for each individual solar panel. Instead of sending energy from every panel to a single inverter, microinverters convert the DC energy to AC energy on the roof itself.

Who makes solar charge controllers & inverters?

**Solar Charge Controllers** With over 4 million products sold in over 100 countries since 1993 — functioning in some of the most extreme environments & mission-critical applications in the world — Morningstar Corporation is truly “the leading supplier of solar controllers and inverters.”.
