# ASEAN Battery Energy Storage

## Overview

---

Does ASEAN need enabling policies for energy storage?

However, ASEAN has many untapped markets for energy storage applications. Hence, to maximise the market potential and accelerate the low carbon transition in ASEAN, this policy brief recommends several enabling policies for energy storage. Is ASEAN a good place to invest in energy storage?

ASEAN has adequate policies to positively influence the attractiveness of energy storage through renewable energy investment, both on-grid and off-grid. However, ASEAN has many untapped markets for energy storage applications.

How can ASEAN achieve a renewables-based transformation?

The renewables-based transformation would need a massive investment in electricity infrastructure to maintain the balance of supply and demand. ASEAN has adequate policies to positively influence the attractiveness of energy storage through renewable energy investment, both on-grid and off-grid.
