

Anti-reflective solar glass distributor in Manchester UK

Overview

Who makes flat solar mirrors?

AGC is the leading manufacturer of flat solar mirrors, with years of proven expertise. As a fully integrated company, AGC offers a full range of products dedicated to CSP applications: from sand and low-iron float glass substrates made by our highly specialised float glass plants to high-end solar mirrors. Maximum energy efficiency.

What is anti-reflective coating?

The solar glass materials we provide can be coated with a cutting-edge anti-reflective film prior to glass tempering. The anti-reflective coating – developed using an advanced nanoporous silica technology – further reduces reflectivity and improves light transmission to raise the conversion efficiency and power output of PV modules.

What is solar control glass?

Today's technically advanced solar control glass products are here to help. We provide a range of glass options specifically designed to control the amount of heat and light that passes through the window. These solar control glass options are perfect for sealed units in windows on south and south west facing elevations.

Who is AGC Glass Europe?

As the European branch of AGC, a world leader in flat glass, AGC Glass Europe has over 100 sites throughout Europe and around 15,300 employees. Solar systems for use in energy generation, such as photovoltaics (PV) and concentrated solar power (CSP), are a fast-growing market with enormous potential for reducing CO2 emissions.

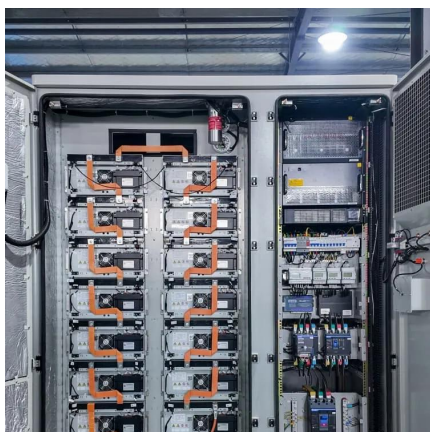

Anti-reflective solar glass distributor in Manchester UK

Solar Control Glass

The solar control coating is applied to the internal face of the external glass panel of an insulated glass unit, also known as face two of the glass unit. The metal oxide coating reduces the ...

[Innovative Glass Solutions for Solar Power](#)

Our range of solar glass products is designed and optimised to suit the requirements of various solar technologies with properties such as high solar energy transmittance, strength and ...

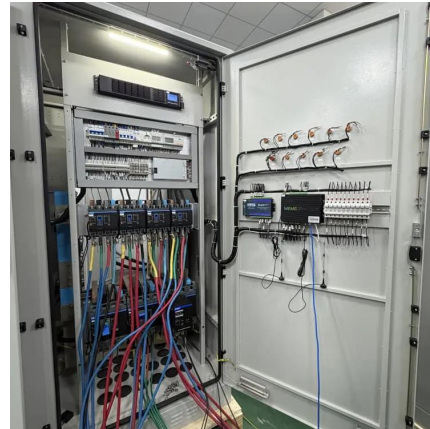

[Glass made for the sun](#)

AGC offers extra clear float glass products for a broad range of solar applications. Your single source: High-efficient float glass production, glass coating, glass processing as well as high ...

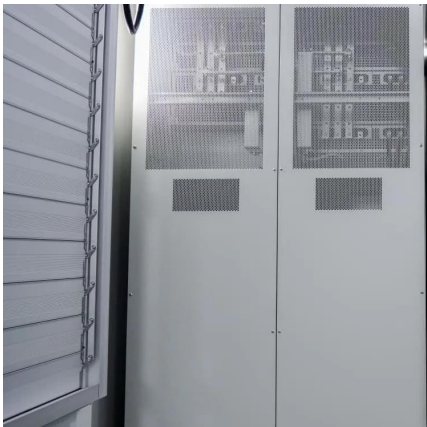

[SunGuard® Solar , Guardian Glass](#)

SunGuard® Solar is a commercial solar control glass that helps to reflect the sun's energy. Making it ideal for applications when excessive solar heat gain could result in uncomfortable ...

[Anti-reflective Coating Solar Glass Suppliers. Manufacturer](#)

Alibaba offers 651 Anti-reflective Coating Solar Glass Suppliers, and Anti-reflective Coating Solar Glass Manufacturers, Distributors, Factories, Companies. There are 388 OEM, 364 ODM, 85 ...

[Glass Suppliers, Specialist Glass Supplier For All Applications](#)

2 days ago · For the discerning homeowner, we offer a range of replacement conservatory glass in various shades all of which ...

[Top 10 Anti-Reflective Glass Manufacturers in ...](#)

There will never be a shortage of anti-reflective glass manufacturers in the world, so long as the need for it increases. Decades back, anti-reflective ...

[Solar Glass with Anti Reflective Coating](#)

The Anti-reflective coated solar glass gives transmission beyond 94%. Anti-reflection coatings on solar glass consist of a thin layer of dielectric ...

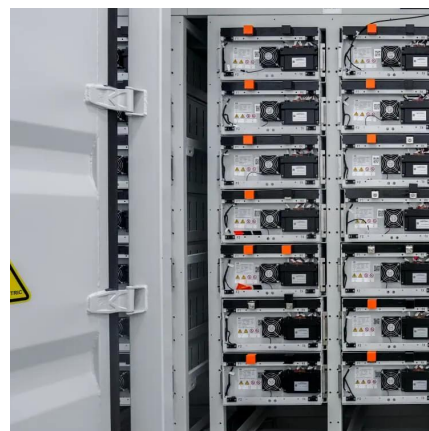

[Solar Glass , Buy Solar Control Glass, Photovoltaic Glass Online](#)

2 days ago · A solar control glass is a glass with a special coating designed to reduce the amount of heat entering a building. It reflects and absorbs heat as well as filtering light for reduced ...

[Solar PV Glass for Module Manufacturers, Suppliers , Targray](#)

3 days ago · The solar glass materials we provide can be coated with a cutting-edge anti-reflective film prior to glass tempering. The anti-reflective coating - developed using an ...

[Transparent Anti-Reflective Film In Manchester UK Supplier](#)

Solar Control Films, reflective or tinted, reject a large percentage of the Sun's energy, significantly reducing its negative effects with minimal impact on the view out, and eliminating the need for ...

[Reflective Glass Supplier , Diamond Coatings](#)

Oct 1, 2025 · Customisation and Quality What truly sets Diamond Coatings apart as a premier reflective glass supplier focused on anti-reflective solutions is our commitment to ...

[Solar Glass , Buy Solar Control Glass, Photovoltaic Glass ...](#)

2 days ago · A solar control glass is a glass with a special coating designed to reduce the amount of heat entering a building. It reflects and absorbs heat as well as filtering light for reduced ...

Buy Solar Control Glass , Eco-Friendly & Energy-Efficient , Ipswich Glass

Dec 5, 2025 · Our Heat Reflective Glass is engineered to control solar heat gain, reducing the need for excessive cooling systems and enhancing energy efficiency. As a reputable ...

[Guardian Clarity\(TM\) . The invisible clear glass](#)

Guardian Clarity(TM) advances glass technology, reducing reflections and enhancing light transmission for an unparalleled viewing experience.

[Anti-Reflective Glass , Non-Glare Glass Supplier](#)

4 days ago · JNS anti-reflective glass reduces surface glare and increases substrate transmission and brightness, offering a better contrast ...

[Solar PV Glass for Module Manufacturers, ...](#)

3 days ago · The solar glass materials we provide can be coated with a cutting-edge anti-reflective film prior to glass tempering. The anti ...

[Anti-Reflective Coating Technologies for Solar Panels](#)

May 1, 2025 · Discover innovations in anti-reflective coating technologies for solar panels, enhancing energy efficiency and maximizing solar power output.

[Glass for solar applications](#)

AGC focuses on the industrial production and distribution of ultra-low-iron solar float glass with a highly robust and durable anti-reflective coating, such as Sunmax Premium HT. We specialise ...
