Athens Offshore Wind Energy Storage Project

Overview

Where is Greece's first offshore wind farm located?

Motor Oil and Terna Energy announced on Monday the development of Greece's first offshore wind farm in the sea area south of Alexandroupolis.

How many offshore wind farms are there in Greece?

According to the CEO of the Hellenic Hydrocarbons and Energy Resources Management Company (HEREMA), twenty-five areas throughout Greece have been identified for the possible development of offshore wind farms. These areas cover 2,712 square kilometers and could host 12.4GW.

Will the offshore wind park accelerate Greece's energy transformation?

The offshore wind park would accelerate Greece's energy transformation, the two companies said. Credit: David Dixon Walney, CC-BY-SA-2/Wikipedia Motor Oil and Terna Energy announced on Monday the development of Greece's first offshore wind farm.

How much will Greece invest in offshore wind parks?

The Greek government anticipates that over 7 billion euro will be invested in the development of offshore wind parks to achieve the goal of Greece's Energy Plan (ESEK) of 1.9GW.
