## Overview

---

Who is Tu Energy Storage Technology (Shanghai)?

Safe operation and system performance optimization. TU Energy Storage Technology (Shanghai) Co., Ltd., founded in 2017, is a high-tech enterprise specializing in the research and development, production and sales of energy storage battery management systems (BMS) and photovoltaic inverters.

What is BMS + industrial and commercial energy storage inverter?

The complete set of energy control solutions of "BMS + industrial and commercial energy storage inverter" is suitable for industrial parks, backup power, photovoltaic storage, wind storage and other application scenarios to ensure the safety of industrial and commercial battery systems. Safe operation and system performance optimization.

Why is Shanghai Electric a leading power plant equipment supplier?

In response to the global climate change, Shanghai Electric as one of the world leading power plant equipment suppliers, has actively developed the emerging industries such as solar power generation, seawater desalination, energy storage equipment, air cooled equipment, dust-cleaning apparatus, electric drive, etc.

Why should you choose daantu energy storage?

There are many stringent requirements on the security and reliability of BMS, and daantu energy storage has made full preparations. From core chip selection to system-level architecture, we guarantee the safety and reliability of battery products in an all-round and real-time manner.
