

Belarusian solar module export company

Overview

What makes Belarus a successful solar module manufacturer?

Belarus possesses a robust industrial base in several key areas relevant to solar module manufacturing. Based on experience from J.v.G. turnkey projects in emerging markets, the most successful approach is often a hybrid model—sourcing what makes sense locally while importing highly specialized components.

Is there a commercial solar cell producer in Belarus?

There are no commercial solar cell producers in Belarus, and establishing one would be a far greater undertaking than module assembly. Encapsulant (EVA/POE): This specialized polymer film is laminated around the cells to provide adhesion, cushioning, and transparency.

What companies export in Republic of Belarus?

Information about companies exporting in Republic of Belarus: message board, products and services. 28.07.2025 LLC Kalina is engaged in the production of dietary supplements, processing of medicinal plants. 25.07.2025 BelTOR-Elite LLC is a company that processes scrap and waste brass and aluminum.

Is float glass suitable for photovoltaic modules in Belarus?

Belarus is home to Gomelglass OJSC, one of the largest manufacturers of sheet glass in the CIS region. The company operates modern float glass lines and has significant production capacity, presenting a clear opportunity. However, standard architectural or “float” glass is not suitable for photovoltaic modules.
