

# Central Asia solar Power Station

## Overview

---

What is powerchina's first energy investment in Central Asia?

As POWERCHINA's first new energy investment in Central Asia, it was designed and constructed according to Chinese standards. This project alleviates power shortages in southern Kazakhstan and diversifies the local energy production structure, supporting Kazakhstan's carbon reduction goals.

What is China-Central Asia Energy Cooperation?

China-Central Asia energy cooperation now spans beyond energy security to support broader sustainable development and a low-carbon future. Emerging areas of collaboration now include energy conservation, environmental protection, green agriculture, and clean and renewable energy.

What is the USAID power Central Asia activity?

The USAID Power Central Asia Activity is assisting the five Central Asian countries — Kazakhstan, the Kyrgyz Republic, Tajikistan, Turkmenistan, and Uzbekistan — to meet their national and regional priorities in energy security and unlock the economic benefits of regional energy trade. Happy Nowruz Holiday! Happy Holidays! Happy Nowruz Holiday!.

What's going on at the China-Central Asia Summit in Astana?

Green deals On the sidelines of the just-concluded China-Central Asia Summit held in Astana, a series of cooperation agreements were signed, led by clean energy cooperation, underscoring the strong potential for further growth in this vital sector to meet the development of regional countries.
