Distribution breaker for sale in Uk

Overview

Slaters Electricals has the largest stock of distribution transformers for purchase or hire in the UK. Transformers available from stock on short-lead time.

Where can I buy LV circuit breakers in the UK?

NKD Group hold one of the largest stocks in the UK of LV Circuit breakers this includes: Ranging from 5A right through to 6000amp circuit breakers with various manufacturers, makes and models.

What are the components of a distribution board?

The size and configuration of a distribution board depend on the total electrical load and the number of circuits required. Inside the enclosure, key components include the main switch, circuit breakers, earth leakage devices, and bus bars—all working together to protect against overloads, short circuits, and earth faults.

Are TES LV circuit breaker distribution boards safe?

The TES design team have developed a range of distribution boards that provide safe, reliable and high performance protection in accordance with BS EN 60439-3. TES LV circuit breaker distribution boards are suitable for all applications up to 250A in single phase and three phase configurations.

What are Bowers Electricals standard distribution transformers?

Bowers Electricals standard distribution transformers are available as stock from 315kVA to 3150kVA, with a voltage range of 11000 to 415 volts. To minimise lead times, we produce standard distribution transformer sizes for stock. Although, any size and voltage range can be catered for to suit your specific requirements.
