

High quality branded inverter in Pretoria

Overview

Which inverter brands are available in South Africa?

“They are growing rapidly and we are very happy to work with them.” Two other well-established inverter brands in South Africa are Deye and SunSynk, which have become highly reputed for their configurability and compatibility with a wide range of batteries. Hattingh said these two brands had distributors that also offered solid aftersales support.

What are inverters & uninterruptible power supplies (UPS)?

Inverters and Uninterruptible Power Supplies (UPS) are key elements in power system infrastructure. An inverter is a device that converts direct current (DC) to alternating current (AC), enabling the use of electrical appliances when main power is unavailable, such as in solar power systems or mobile applications.

Are Synapse inverters sold in South Africa?

Some of the company’s inverters are sold under the Synapse Ultra brand in South Africa. “It is one of, if not the best, standalone hybrid inverter in the South African market currently,” Blandford said.

Which inverter brands are best for e-mobility?

Rubicon managing director for sustainable technology and e-mobility Greg Blandford said that leading inverter brands stood out for their software capabilities, support, and functionality. Blandford and AWPpower managing director Christiaan Hattingh both said that Solis was among their top inverter brands.
