# How many hydrogen energy stations are there in Georgetown

## Overview

---

Where can I find information about a hydrogen fueling station?

Existing and planned hydrogen fueling stations in the U.S. are available to view on a map or download as a spreadsheet from the Alternative Fuels Data Center. The site includes information regarding location, accessibility, hours of operation, and payment method.

How many hydrogen fueling stations will open in 2025?

Expansion in these states has been driven by both public and private initiatives to encourage the adoption of hydrogen vehicles. Ahead of 2025, additional hydrogen fueling stations are expected to open in several regions of the United States. In California, the number of stations is planned to increase to 100 by the end of 2025.

Are hydrogen fueling stations the same as gasoline stations?

Customers are expected to have similar experiences at hydrogen fueling stations as at gasoline stations, with most hydrogen dispensers being added at existing gasoline stations. The Alternative Fueling Station Locator allows users to search for public and private hydrogen fueling stations.

How many hydrogen fueling stations are there in 2024?

As of 2024, there are just 74 hydrogen fueling stations across the entire country. Despite decades of hype around hydrogen vehicles, America's fueling network remains sparse, with just 74 stations nationwide in 2024.
