

# How much does Nordic solar glass cost per square meter

## Overview

---

How much does solar glass cost?

The cost of solar glass will vary depending on which installer you choose, but one of the leading manufacturers is Polysolar UK. Polysolar offer an orange-tinted panel which costs around £175 per square metre and a new grey-tinted version which is more efficient and is around £250 per square metre.

How much do solar windows cost?

At the moment, transparent solar windows are quite expensive and not widely available for residential use. Some estimates put solar window glass at £175-£250 per square meter in cost (around \$20-\$25 per square foot), which is several times the cost of standard double-pane glass. And that's just the glass-full window units would cost more.

How are PV solar cell glass price developments calculated?

The price developments of PV solar cell glass are expressed in US\$ prices converted FX rates applicable at the time when the price was valid. PV solar cell glass price index developments are calculated from multiple separate sources of data to ensure statistical accuracy. NEED A QUICK DOWNLOAD?
