

How to match solar system

Overview

How do you play a solar system matching game?

To prep: Print the solar system matching game on the white side of the scrapbook paper (or on card stock), laminate and cut apart the cards. To play: In case you haven't played Memory before, you turn over two cards at the same time. If they match, you get to keep them and turn over another set of trees to try again.

Is this free solar system matching game out of this world?

This free printable solar system matching game is out of this world! lol! Sorry, just couldn't resist. My 2nd grader loves talking about the solar system and she is super happy that Pluto is a planet again. The cute little thing must have felt so left out. at least that's probably what she was thinking.

How do I prepare for a 2nd grade Solar System game?

The 2nd grade blogging team is sharing solar system themed activities for you this week, so you'll have some great resources for your explorations of outer space. To prep: Print the solar system matching game on the white side of the scrapbook paper (or on card stock), laminate and cut apart the cards.

How do you teach a preschooler a Solar System game?

For fun, match up the planets and numbers. Then, have your child close their eyes. Remove one of the planet cards and see if your child can identify the missing planets. If you have a preschooler that wants to get in on the action, this solar system game for preschoolers is a perfect way to get him involved.
