Huawei's energy storage projects under construction in Abu Dhabi

Overview

Who is building the world's largest solar and battery storage project?

The United Arab Emirates is building the world's largest solar and battery storage project that will dispatch clean energy 24/7. Emirati Renewable energy company Masdar (Abu Dhabi Future Energy Company) and Emirates Water and Electricity Company (EWEC) are developing the trailblazing solar and battery storage project.

Why is UAE launching a solar power and battery storage project?

The launch of the solar power and battery storage project marks a pivotal moment in the clean energy transformation, allowing renewable energy to be dispatched 24 hours a day, seven days a week, reaffirming the UAE's position as a global pioneer in renewable energy deployment.

What is EWEC doing in Abu Dhabi?

Located in Abu Dhabi, the project will feature a 5.2 gigawatt DC solar photovoltaic plant, coupled with a 19 gigawatt-hour battery energy storage system, setting a global benchmark in clean energy innovation. "In collaboration with EWEC and our partners, we will develop a renewable energy facility capable of providing clean energy round the clock.

How will the solar power and battery storage project impact the economy?

The record-breaking solar power and battery storage project will create over 10,000 new jobs, driving innovation and economic growth
