

Jamaica s new solar container battery factory

Overview

Will JPS build a solar power plant in Jamaica?

Power utility Jamaica Public Service Company, JPS, is investing US\$300 million to construct Jamaica's largest solar power plant and a battery storage facility, starting this month. The renewable energy facility will replace JPS's aged Hunts Bay.

What is Jamaica's largest commercial solar development?

Following on in 2023 was the build-out of Jamaica's largest commercial solar development which the company commissioned for Caribbean Broilers (CB Group), to install a 2.1-megawatt peak (MWp) solar power plant across four locations.

Will Jamaica generate half of its energy by 2030?

The project aligns with Jamaica renewable energy programme, which made seeks to generate half of the country's energy from wind, solar or other renewables by 2030. Sign up for The Gleaner's morning and evening newsletters.

Does JPs have a battery storage facility?

JPS owns the largest battery storage facility which generates up to 24.5MW of electricity. It cost the utility US\$27 million to install in Hunts Bay in 2019. Storage facilities help stabilise the power fluctuations from renewable energy sources like solar and wind.
