

Jerusalem office building energy storage product manufacturer

Overview

Who is blenergy?

BLEnergy, by Blilious Group, is a energy storage Integrator specializing in the planning, supply, construction, and operation of energy storage systems for various needs, operating worldwide. BLEnergy provides comprehensive solutions of advanced energy storage systems consist of the core technology of CATL energy product battery technology.

What is a battery energy storage system (BESS) project?

We specialize in the development of battery energy storage system (BESS) projects, which are crucial components in advanced energy storage solutions. Our large portfolio of generation assets with grid connection enables us to add BESS to existing projects and develop additional solar-plus-storage facilities.

What is Nostromo energy storage?

Nostromo's modular energy storage system has applications for office buildings, government, higher education institutions, hospitality, and data centers. The IceBrick Energy Storage Array provides 200 to 10,000 ton refrigeration hours of clean cooling energy on demand.

Why should you choose Enlight for your energy storage project?

As the importance of energy storage for grid stability grows, Enlight is at the forefront of the industry with our expertise in both standalone storage projects and Solar-plus-storage projects. We specialize in the development of battery energy storage system (BESS) projects, which are crucial components in advanced energy storage solutions.
