

# Large-scale energy storage construction

## Overview

---

How energy storage power stations are being built?

In terms of installed capacity, new energy storage power stations are now being built in a more centralized way and large scale with longer storage duration period, said the administration.

What is the energy storage plan?

The plan outlined 21 key measures, including scaling up energy storage applications in power generation and grid infrastructure, accelerating technological innovation, and improving standardization. It also emphasized talent development and enhancing international cooperation in the sector.

What is the 'Special Action Plan' for new energy storage?

The 'Special action plan for large-scale construction of new energy storage (2025-2027)' was published last Friday (12 September), formulated jointly by the country's National Development and Reform Commission and National Energy Administration (NEA).

Will China build a new energy storage system?

Technicians inspect wind farm operations in Hinggan League, Inner Mongolia autonomous region, in May 2023. WANG ZHENG/FOR CHINA DAILY China has been stepping up construction of new energy storage in recent years to build a new power system in the country amid its green energy transition, said authority.

## Large-scale energy storage construction

---

### The action plan for the large-scale construction of new energy storage

Sep 12, 2025 · Guide financial institutions to provide loans and interest rate support to enterprises in the new energy storage field, explore financing leasing to support the procurement of new ...

### [June . Monthly Project Tracker of New Energy Storage . Large-Scale](#)

Jul 8, 2025 · o The average energy storage duration of new projects in Xinjiang, Inner Mongolia, and Qinghai exceeded 3.5 hours. o Inner Mongolia saw 17 projects start construction in June, ...

### [China steps up new energy storage construction](#)

Apr 29, 2024 · In terms of installed capacity, new energy storage power stations are now being built in a more centralized way and large scale with longer storage duration period, said the ...

### [Zhongjin: Independent energy storage construction in China ...](#)

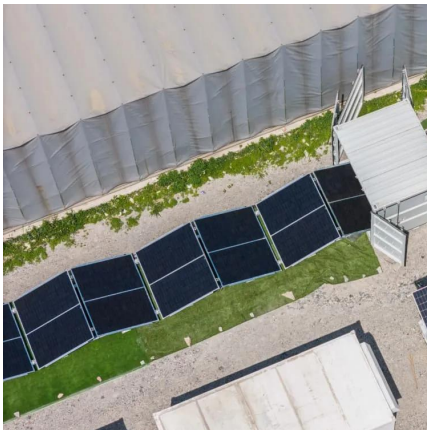

The large-scale energy storage industry in China is experiencing a key transition from "policy-driven" to "market-driven", with gradually clearer business models, diverse application ...

### [German energy company moves ahead with 800 MWh battery storage ...](#)

1 day ago · The project is one of several large-scale storage systems in Germany being built on sites formerly occupied by nuclear power plants. Earlier this month, Vattenfall announced the ...

### [China targets 180GW of installed BESS ...](#)

Sep 17, 2025 · The 'Special action plan for large-scale construction of new energy storage (2025-2027)' was published last Friday (12 September), ...

### [China unveils three-year action plan to boost new-type energy storage](#)

Sep 12, 2025 · China on Friday unveiled an action plan to promote the development of new forms of energy storage between 2025 and 2027, amid efforts to support green energy transition and ...

## [CHINA'S ACCELERATING GROWTH IN NEW TYPE](#)

...

Jun 13, 2024 · The Coverage and Intensity of Policies Continuing to Increase Technological breakthrough and industrial application of new type storage are included in the 2023 energy ...

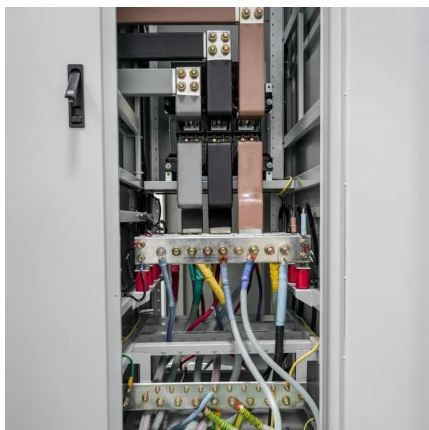

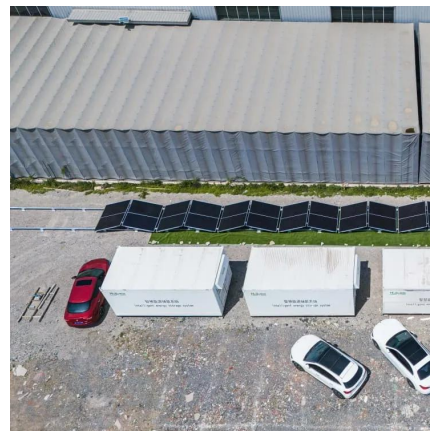

## [China steps up new energy storage construction](#)

Apr 29, 2024 · In terms of installed capacity, new energy storage power stations are now being built in a more centralized way and large scale ...

## [Quarterly Investment Report: Large-scale renewable...](#)

2 days ago · The third quarter of the 2025 calendar year (Q3) saw energy storage projects continue to charge ahead with new records set, while momentum for renewable energy ...

## [China powers up nation's largest standalone battery storage...](#)

3 days ago · A 500 MW/2,000 MWh standalone battery energy storage system (BESS) in Tongliao, Inner Mongolia, has begun commercial operation following a five-month construction ...

### [Quarterly Investment Report: Large-scale ...](#)

2 days ago · The third quarter of the 2025 calendar year (Q3) saw energy storage projects continue to charge ahead with new records set, while ...

### [China targets 180GW of installed BESS capacity by 2027](#)

Sep 17, 2025 · The 'Special action plan for large-scale construction of new energy storage (2025-2027)' was published last Friday (12 September), formulated jointly by the country's National ...
