

BUHLE POWER

Main breaker switch for sale in Auckland

Overview

Who makes panel mounted main switches?

For panel mounted main switches in domestic, commercial or industrial applications, PDL by Schneider Electrics S-Series is a recognised industry leader. Operating from 35 to 300 ampere, the S-Series of enclosed main switches will reliably meet your application needs.

What is a circuit breaker?

Explore circuit breakers, the foundation of safe power distributions and the main protection from electrically-caused fires. Protect each line carrying energy or supplying appliances by choosing the correct sized circuit breaker, that will automatically disconnect in the event of a short circuit, or a cable overload.

What is a compact circuit breaker?

Circuit-breakers, to protect lines carrying up to 630 amps. Leaned to 65 years of leadership, ComPacT circuit-breakers are now the ultimate reference everywhere around the world, when it comes to protection from electrical hazards.

What is a s-series main switch?

Operating from 35 to 300 ampere, the S-Series of enclosed main switches will reliably meet your application needs. Dust and water resistant and robustly constructed from impact resistant polycarbonate with corrosion resistant brass and stainless-steel components, the S-Series can withstand the rigours of any environment and is designed to last.
