

# North Macedonia Energy Storage Project Planning

## Overview

---

How is North Macedonia preparing for a green transition?

North Macedonia has made important commitments in its green transition, including the complete phase-out of coal-fired power generation and the deployment of 1.7 gigawatts of renewable energy by 2030, grid and storage investments for energy security and measures to support communities affected by coal transition.

How has the 2022 energy crisis impacted North Macedonia?

The 2022 energy crisis exposed and intensified the vulnerabilities in the energy sector of North Macedonia, revealing the risks of an insufficiently diversified power generation mix and weak regional market integration.

How is North Macedonia governed?

North Macedonia has established institutional, legal, and financial arrangements for elected officials to exercise effective power to govern that are not constrained by non-democratic veto powers or other undue influences. As in many other transition countries, there has long been a close relationship between business and political elites.

Does North Macedonia have a 5G network?

North Macedonia has advanced its digital connectivity infrastructure, with nearly 100% coverage by 5G, 4G and 3G networks and achieving competitive global rankings in mobile and fixed-line broadband speeds. However, there is currently limited capacity in the country to adopt new technologies.

## North Macedonia Energy Storage Project Planning

---

### [North Macedonia issues first big battery licenses, as 60 MW ...](#)

Oct 14, 2025 · North Macedonia has issued its first two licenses for battery energy storage system (BESS) projects, with a combined capacity of 2.6 MW. These licenses were issued by the ...

### [The Skopje Energy Storage Project: Powering North Macedonia...](#)

May 29, 2025 · A city where sudden power outages become as rare as unicorn sightings, and solar panels work overtime even after sunset. That's the promise of the Skopje Energy ...

### [North Macedonia Hybrid Energy Storage Power Station ...](#)

Oct 31, 2025 · North Macedonia Energy Storage Chemical Power Plant North Macedonia, which has been attracting investments in battery factories, is in talks on a project worth up to EUR ...

### [Expansion of Photovoltaics in North Macedonia and First ...](#)

The continued growth of solar power and the development of storage capabilities will play a decisive role in securing North Macedonia's energy independence and promoting a ...

### [North Macedonia's energy storage landscape ...](#)

May 5, 2025 · This is a significant development for renewable energy projects, facilitating the integration of storage solutions to optimize energy ...

### [North Macedonia's energy storage landscape is evolving](#)

May 5, 2025 · This is a significant development for renewable energy projects, facilitating the integration of storage solutions to optimize energy production and dispatch, by also ...

### [North Macedonia battery storage: Impressive 4.2 GW Plan](#)

Oct 25, 2025 · North Macedonia is rapidly advancing in the renewable energy sector, with a staggering 4.2 GW of battery storage projects proposed in recent energy auctions.

### [Several energy storage investments underway in North Macedonia ...](#)

Apr 5, 2025 · North Macedonia, which has been attracting investments in battery factories, is in talks on a project worth up to EUR 360 million, according to Prime Minister Hristijan Mickoski. ...

### [Several energy storage investments underway in North Macedonia](#)

Jan 9, 2025 · Minister Sanja Bozinovska rekindles initiative for pumped storage hydropower capacities In a recent interview, North Macedonia's Minister of Energy, Mining and Minerals ...

### [Several energy storage investments underway ...](#)

Jan 9, 2025 · Minister Sanja Bozinovska rekindles initiative for pumped storage hydropower capacities In a recent interview, North Macedonia's ...

### [North Macedonia's strategic projects reshape regional energy ...](#)

May 23, 2025 · These projects contribute to improving the security of electricity supply. How is the country addressing challenges related to energy storage, grid stability, and integration of ...

### [North Macedonia Country Strategy 2025-2030](#)

May 1, 2025 · North Macedonia has made important commitments in its green transition, including the complete phase-out of coal-fired power generation and the deployment of 1.7 gigawatts of ...
