Overview

What is the best portable power station?

A heavyweight beast of a power station, this unit boasts battery expansion, loads of ports, and the high battery capacity and output required to effectively run an RV, offer home back-up power supply, charge an EV, or help you live van life to the fullest. Read more below 4. Jackery Explorer 1000 V2 Best portable power station for on-site work.

Should you buy a portable power station?

Whether using a portable power station at home, camping, or on the jobsite as a power tool recharging station, it's vital to invest in a product that will withstand any method of transportation and any possible impact damage that could occur.

Do portable power stations have a weather rating?

However, other portable power stations do not have a weather rating, so it's important to check if you plan on using your power station outdoors. Regardless, it's a good idea to protect your power station from any water or severe weather conditions as much as possible.

Is Duracell a good battery brand?

Duracell is quite possibly the best-known battery brand, but that doesn't mean it trends toward being the best in the power station category. Duracell has decent reviews overall but like other brands that have attempted to straddle industries, it can't stack up with the biggest names in power stations.
