

# **Power breaker switch in China in London**

## Overview

---

Who is Xiamen Huadian switchgear?

Xiamen Huadian Switchgear specializes in medium and high voltage switchgears and offers a variety of products such as air insulated switchgear, vacuum circuit breakers, ring main units, and gas insulated switchgear, all designed for power transmission and distribution.

What are the different types of circuit breaker products?

We produce 28 major product groups including, Power Tool Switches, Household Switches, Motor Protection, Leakage Protection Plugs and Sockets, Miniature Circuit Breakers, Disconnectors, Change-over Switches, Moulded Case Circuit Breakers, AC Connectors, Industrial Plugs and Sockets amongst others.

What type of switchgear is used to isolate a transformer?

This type of switchgear is used for medium-voltage power distribution, from 7.2kV to about 36kV volts. Ring main units can be characterized by their type of insulation: air, oil or gas. The switch used to isolate the transformer can be a fusible switch, or maybe a circuit breaker using vacuum or gas-insulated interrupters.

What is an indoor vacuum circuit breaker?

This indoor vacuum circuit breaker is specially developed for the thermal power unit with the capacity over 300,000 kilowatts. It can be used in places with the altitude as high as 2,000 meters. As a professional electrical equipment manufacturer in China, BBE is engaged in the manufacturing and marketing of switchgear and circuit breaker.
