

Private inverter manufacturer in New Zealand

Overview

What are the best solar inverters in NZ?

done. Of all the hybrid inverters on the NZ market, AlphaESS has so far maintained the top spot, due to their SMILE5 units having a high-capacity battery built into them. This remains one of the best deals in solar, saving you a large amount of money compared to buying an inverter and a battery separately.

Which Inverter should I buy in New Zealand?

In New Zealand, we strongly recommend GoodWe's range of inverters. GoodWe's main advantage is having 3 MPPT's, which allow greater flexibility on how panels can be arranged and distributed on your roof to generate the most power.
