

# **Singapore grid-side energy storage cabinet manufacturer**

## Overview

---

What is Singapore's solar energy system (ESS)?

Built across two sites on Jurong Island, our ESS enhances Singapore's grid resilience by mitigating the impact of solar intermittency as the republic progresses towards achieving its 2030 solar target of at least 2GWp and energy storage systems deployment of 200MWh beyond 2025.

Who makes energy storage enclosures?

Machan offers comprehensive solutions for the manufacture of energy storage enclosures. We have extensive manufacturing experience covering services such as battery enclosures, grid energy storage systems, server cabinets and other sheet metal enclosure OEM services.

What is a battery energy storage system?

Battery energy storage systems (ESS) provide critical frequency and stability support to power grids. As one of Asia's largest battery operators, our energy storage portfolio is well-positioned to support the evolving needs of power markets as they increase their uptake of renewable energy. The Sembcorp Energy Storage System was launched in 2023.

What is Sembcorp energy storage system?

The Sembcorp Energy Storage System was launched in 2023. Commissioned in six months, the 285MWh system was Southeast Asia's largest ESS and the fastest in the world of its size to be deployed.
