

Swiss high frequency ups uninterruptible power supply

Overview

What are industrial uninterruptible power supply systems (UPS systems)?

We cater to multiple sectors for industrial uninterruptible power supply systems (UPS Systems) through standard or customized solutions. From high amperage manufacturing processes to miniscule backup requirements, these systems can offer efficiency in every application.

How many UPS & battery systems have been installed in Switzerland?

More than 30'000 UPS and battery systems have been successfully delivered, installed and are in operation at more than 3'000 clients in more than 100 countries. This success is based on traditional Swiss values that focus on technical excellence and quality in all areas of operation. We welcome you to be part of it.

What is a centiel ups?

Swiss made and designed UPS. Centiel Uninterruptible Power Supplies for the present and future most critical applications. From the flexible EssentialPower 1kVA through to the high performing standalone PremiumTower, 10kW to 7.5MW; and the industry's most advanced true modular solution CumulusPower, scalable up to 3.6MW.

What are the different types of ups?

Their product lineup includes modular and standalone UPS solutions tailored for data centers, healthcare facilities, telecommunications, and industrial environments. 1. StratusPower™ – Modular Three-Phase UPS
