

United Arab Emirates New Energy Small Container Station Energy

Overview

The project, unveiled during Abu Dhabi Sustainability Week (ADSW), will provide 1GW of 'round-the-clock' dispatchable power. The facility will be capable of operating 24/7 on renewable energy. Will Dubai's new solar power plant be able to operate 24/7?

The facility will be capable of operating 24/7 on renewable energy. This will also be the world's first 24/7 solar PV, battery storage gigascale project, according to Abu Dhabi Future Energy Company (Masdar) and Emirates Water and Electricity Company (EWEC), which are part of the project.

Why is the UAE leading the energy transition in the MENA region?

The UAE continues to be at the frontline of the energy transition in the MENA region, underpinned by strong government commitment and investments. This transition is creating numerous opportunities for U.S. exporters.

Who owns a 200-megawatt power plant in Dubai?

The consortium to develop the 200-megawatt facility is led by Dubai Holding and includes Dubal Holding, Itochu Corporation, Hitachi Zosen Inova, Besix Group, and Tech Group. The project is fully operational since September 2024 handling full capacity.

What is the UAE Energy Strategy 2050?

Given the recent dynamic changes in the energy sector, the maturity of emerging low-emission energy technologies, and the country's commitment to the objectives of the Paris Agreement, the UAE Energy Strategy 2050 was updated, setting goals for 2030 and ambitions for 2050 to reach net zero.
