Wellington container base station

Overview

Where is Wellington Port?

Please try again later. Wellington Port, also known as CentrePort Wellington, is a key maritime gateway located in New Zealand's capital city, Wellington. It is strategically positioned on the southern tip of the North Island, providing a central hub for both domestic and international shipping routes.

What types of cargo is handled at the port of Wellington?

The Port of Wellington is equipped with modern infrastructure to handle diverse types of cargo, including containerized goods, dry and liquid bulk, and breakbulk cargo. The port offers specialized facilities such as a container terminal, bulk storage areas, and dedicated handling equipment for forestry products, vehicles, and other general cargo.

Why is Wellington Port important?

Wellington Port is a vital component of New Zealand's port infrastructure, supporting a wide range of maritime activities and contributing significantly to the country's economic landscape. Its modern facilities, strategic location, and comprehensive services make it a critical hub for both cargo and passenger movements.

Where are Auckland & Wellington Port operations located?

Our Auckland and Wellington Port Operations are located right on the wharf. This allows efficient processing of paperwork and clear lines of communication allow any MAF Biosecurity or Customs issues to be resolved quickly and in person. We directly link into all of the major Ports websites, giving you instant access to:
