

# **Western European Waterproof Photovoltaic Energy Storage Container**

## Overview

---

Which energy cells project has won the European & UK energy storage Awards?

The Energy Cells project has received top recognition at the European and UK Energy Storage Awards, winning best European project over 100 MW and placing second for best overall project of the year.

What is a solarfold photovoltaic container?

The Solarfold photovoltaic container can be used anywhere and is characterized by its flexible and lightweight substructure. The semi-automatic electric drive brings the mobile photovoltaic system over a length of almost 130 meters quickly and without effort into operation in a very short time.

Is there a market for large-scale battery storage in Central Europe?

In many countries in Central Europe, the market for large-scale battery storage is growing rapidly. The drivers are diverse, but there are still obstacles, as Eliza Stefan, Sales Manager BESS for Central & Eastern Europe, Jinko EES, points out.
