

# Where can I find wind power plants for sale in Brussels

## Overview

---

Where can I buy a used wind turbine?

Buy and sell used and new wind turbines, accessories and components of the various performance classes here in the portal. Manufacturers such as Vestas, Enercon or Nordex offer their used wind turbines depending on the year of construction, hub height, power and location. Buying used wind turbines - alternative to a new wind turbine.

What is global wind power?

Global Wind Power has specialised in providing industrial investors with strong wind projects which enable them to meet their green energy ambitions. The wind projects we develop provide energy suppliers with sustainable, reasonably priced and secure energy at great benefit for them and society at large.

How many renewable power plants are there in Europe?

There are 14 active and verified renewable power plants for sale and investment in Europe listed on SMERGERS as of 25 October 2025. What level of due diligence does SMERGERS conduct on the businesses/member?

SMERGERS scrutinizes all profiles and only features a select group of businesses, investors, advisors that meet a basic requirement.

Why should you buy a used wind turbine from dutchwind?

Dutchwind has continuously introduced clients to ENECO that were interested in our used wind turbines. Dutchwind assisted effectively during the sales process and enabled us to successfully sell these wind turbines. This cooperation has led to a relationship based on trust and respect for our mutual interests.
