

Which companies have energy storage power stations in Switzerland

Overview

Which energy storage projects have been commissioned in Switzerland?

Axpo commissioned its BESS in February this year while utility Thurplus commissioned a 3MW system in September last year. But Switzerland was the location for one of the largest energy storage projects commissioned in recent years, a 20GWh pumped hydro energy storage (PHES) unit which started operations in June 2022 in the Canton of Valais.

How does electricity storage work in Switzerland?

Electricity storage is not separately defined in the Swiss legislative framework. The biggest obstacle for electricity companies is to obtain a construction permit and a concession for the operation of a pumped storage plant, which is granted for a maximum of 80 years.

Is MW storage the country's largest battery storage project?

MW Storage is a developer of BESS projects which is also active in the German market, with a 100MW/200MWh project underway that it claimed is the country's largest. The inauguration ceremony for the BESS project. Image: EWS AG. EWS AG and MW Storage have expanded a battery storage project in Switzerland to 28MW, making it the country's largest.

Is Bess being monetised in the Swiss electricity market?

It is being monetised in the Swiss electricity market by both CKW, part of Axpo, and utility Alpiq, the announcement said. The BESS is part of a network of power plants, consumers and batteries, it added. The large-scale BESS market in Switzerland has been relatively quiet with renewable penetration on the country's grid still relatively low.

Which companies have energy storage power stations in Switzerland

[10 Top Energy Storage Companies in Switzerland](#) ['....](#)

Dec 1, 2025 · Detailed info and reviews on 10 top Energy Storage companies and startups in Switzerland in 2025. Get the latest updates on their products, jobs, funding, investors, ...

[Top Long Duration Energy Storage Companies in Switzerland](#)

Leclanché SA specializes in advanced energy storage solutions, focusing on lithium-ion technology. Their expertise in developing customized battery systems enhances grid stability ...

Energy Vault deployed first energy storage installation in Switzerland

Dec 4, 2025 · At Schindler Group's global headquarters in Ebikon (Canton of Lucerne), Energy Vault has deployed an energy storage system which is operating and qualified by Swissgrid. ...

[Energy Storage Tech Sector in Switzerland](#)

Jul 9, 2025 · The Energy Storage Tech sector in Switzerland comprises 110 companies, including 45 funded companies having collectively raised \$2.23B in venture capital money and private ...

[Best Energy Storage Companies In Switzerland In 2024](#)

Switzerland is home to a number of energy storage companies that are developing innovative solutions to store energy from renewable sources. These companies are working on a range ...
